ASPIRING AI ENGINEER

Skills

- C , C++ , Python , HTML , CSS
- **Microsoft Office:** Word, Excel, PowerPoint.
- **Leadership & Management.**

Profile

I am an **undergraduate** student of **CSE** with a strong interest in **Problem Solving, Artificial Intelligence** and **Machine Learning**. I love to learn about modern technologies and build **practical projects** that improve my programming skills. Currently, I am preparing myself for a future career as an **AI Engineer**. My goal is to grow steadily through consistent practice, clean fundamentals, and **impactful** real-world projects.

Projects

- Portfolio Website.
- **"ALIAS AI"** - Multimodal brand content generation platform.
- **"Mood Map BD"** - Real-time social media sentiment tracking platform for Bangladesh.
- **"পুষ্টিবন্ধু"** - Personalized Ai system for nutrition guidance & diet recommendations.
- **Social Commerce App** - For home based sellers in Bangladesh.
